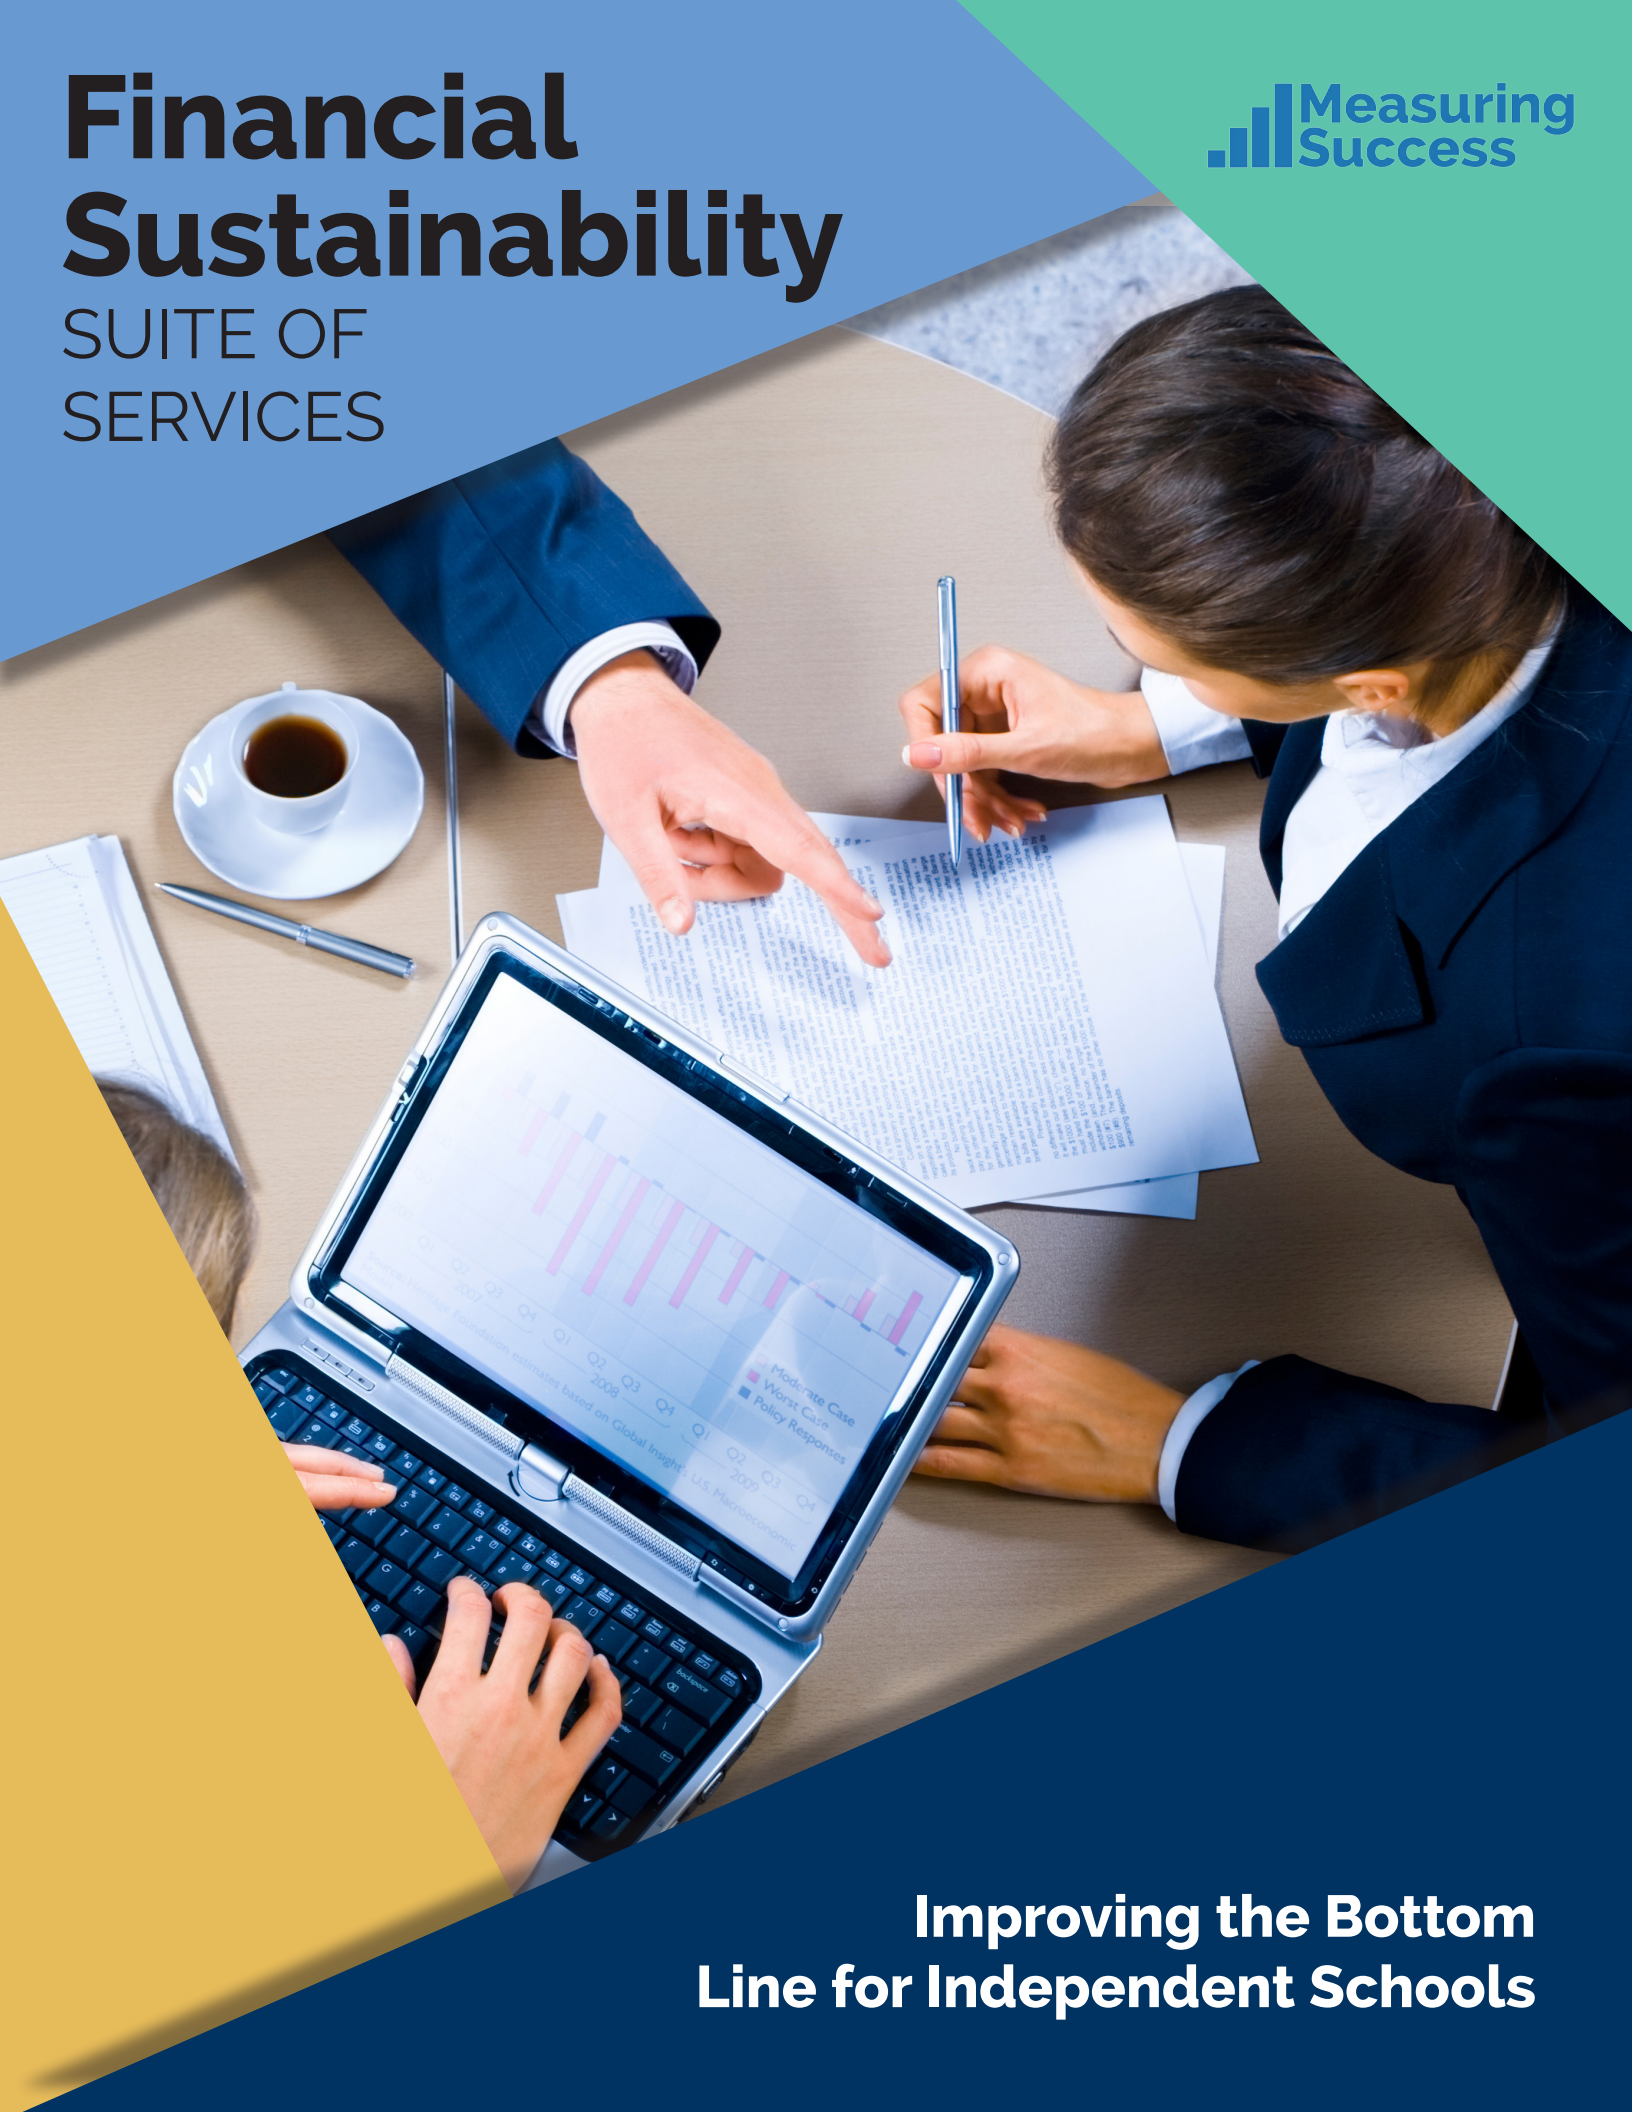
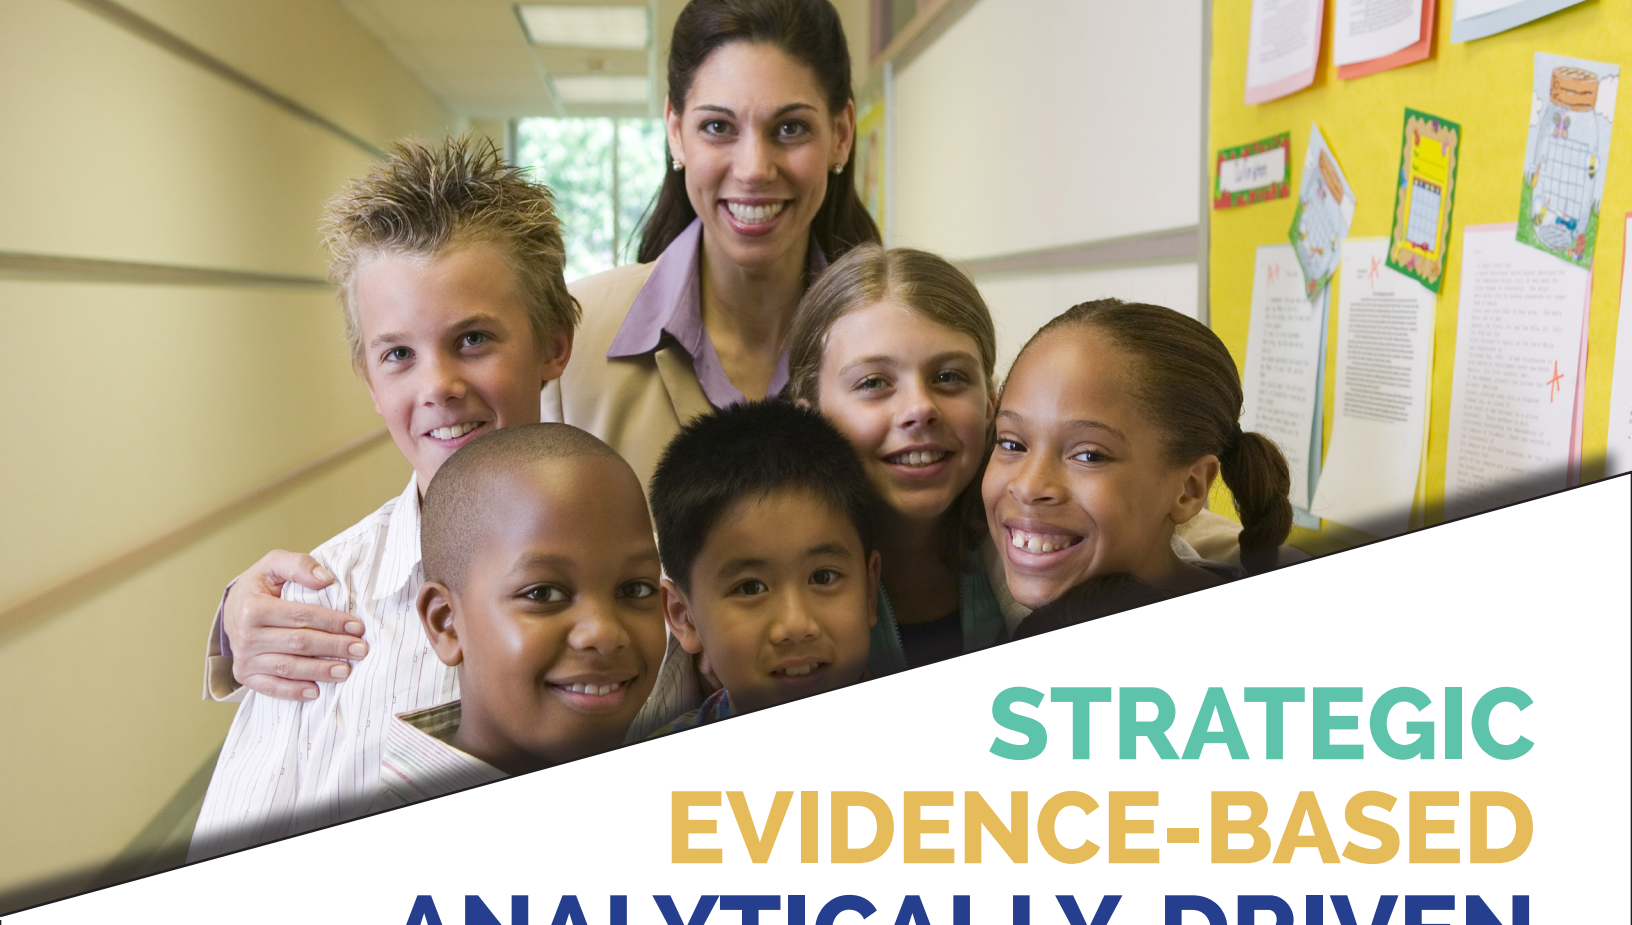
Measuring Success



Improving the Bottom Line for Independent Schools



STRATEGIC EVIDENCE-BASED ANALYTICALLY-DRIVEN

We can help you enhance your independent school's financial sustainability through our proprietary six-step process. Measuring Success has been using data analytics to help schools move beyond the anecdotes to data-driven solutions since 2003. Our **Financial Sustainability Suite of Services** includes:

01 PROJECT PLAN

We work with your team (Head of School, CFO, Board, Faculty & Staff) to create a detailed project plan and timeline.

02 DATA ACQUISITION

We gather deep demographic data, look at the data your school already has, and begin the benchmarking process.

03 ESTABLISH HYPOTHESES

We work with your team and subject matter experts to generate and prioritize improvement strategies. .

04 PRIORITIZE IMPROVEMENTS

We work to validate action items on the improvement list and establish priorities for the committees to assess.

05 CREATE PROTOCOLS

We create detailed financial scenarios with the imrovement priorities outlined by the team.

06 THREE-YEAR PLAN

We deliver a written plan of action with implementation milestones and check-ins to measure success.

We Look Forward to Helping!

Finding the right partner to move your school to the next level is key to strengthening your long-term financial sustainability.
